Profile

UX/UI Designer with a Robotics & AI engineering background, taking products from research to launch — simplifying complex systems and sharpening usability across travel, payments, cloud, and data-driven products.

Work Experience

2025-Present – UX/UI Designer @ Mtel (Thailand)

~ 1 Year

- Shipped **ThaiPass** — a travel-companion app with a **design system** covering vouchers, FastPass, transport, and eSIM.
- Delivered the **BCC Calculation Program** — simplifying a complex engineering workflow into a guided, usable tool.
- Built **ThaiPass CMS** front-end in React/Tailwind — design to code.

2024 – UX/UI Designer Intern @ NIPA Cloud

6 Months

- Designed UX/UI for web & portal apps in a weekly-sprint Scrum team.
- Redesigned the **Payment System** across 5 payment methods.
- Migrated UI to **Design System 2.0** for breakpoint consistency.

Education

2021-2025 – King Mongkut's Institute of Technology Ladkrabang

Bachelor of Engineering, Robotics & AI Engineering — GPA : 3.44

2009-2021 – Assumption Samutprakarn School

Primary & Secondary Education, English Program — GPA : 3.98
